REMARKS

The Examiner states that the arguments made are unpersuasive and characterizes the amendments as new matter. The applicant strongly disagrees as the amendments are supported by the drawings, the specification in general, and knowledge in the art. Further, the claims as amended are not obvious in view of the cited art, alone or in combination, and the Examiner is respectfully requested to withdraw the rejections and allow the claims to go to issue. Nevertheless, a continuation in part is being filed today.

Respectfully Submitted,
